

101 Plug Plate (PBP)

101 Plug Plate (PBP)

Here at siding mounts

Over here at Siding Mounts we know what quality means to a home. When we design our products, we design them with you, the homeowner, in mind. We know the cladding on a home is a defining feature of aesthetics. They need to look amazing and do their job properly, which is protecting your home against the elements. Many homeowners have discovered too late that mold or insects can be disastrous to the structural integrity of your home. Our guarantee at Siding Mounts is our products are made from high-quality materials and will always perform their intended function. But not only that! They will also look remarkably good and stylish for all your neighbours to see.

Product description

What you see is what you get with the 101 Plug Plate (PBP). If you are looking for cladding for your home exterior so you or a contractor can safely install an outlet outside, this is the product for you. This high quality material and simple, functional design makes for the perfect plug plate for your home exterior. Nobody wants a home without exterior outlets and you are required for safety reasons to have a plate over the electrical, so this is the solution for you.

Details

The 101 Plug Plate (PBP) comes in two available colour choices: Black or white. This colour option is sure to give you exactly what you are looking for in terms of contrast and hues. If you are looking to highlight an area and create some contrast, go with the opposite tone of what colour your home is painted. If you are looking for flow and easiness, go with the matching tone. We are trusted by homeowners across the country and are a contractor's choice. Find out why by adding to your cart now! Bulk prices are available if you are looking to purchase larger amounts of this product. The simple design and elegance make it an obvious option for any home and homeowner.
