

301 6" Wall Vent

301 6" Wall Vent

Here at siding mounts

All of us at Siding Mounts understand the importance of your home. We are homeowners too, and we settle for only the highest quality and best-looking products we can find. Cladding is all too often either ugly or does not function as it is intended to, which will cause myriad problems down the road. When we design our products, we keep the homeowner in mind. We want your home to be beautiful and safe from potential problems. You can rest assured there will be no structural problems with our high-quality siding mounts.

Product description

The 301 6" Wall Vent is a fresh air intake vent designed for multiple purposes, including heaters and air conditioning, hot water tank, and gas furnace. It can be purchased to include the adaptor collar as well to make installation easier, if that is what you are looking for. Or it can be purchased alone, as a 6" vent. We are trusted by contractors and homeowners from people all across the country and you can find out why by adding this product to your cart. Here at siding mounts we keep aesthetics and functionality in mind when we design our products and the 301 6" Wall Vent is no exception!

Details

The 301 6" Wall Vent comes in two colour choices: white or black. You can add contrast or continue flow of your home depending on how you want to use them. Add the black to a lighter exterior paint to add some contrast or add the white to a darker home painted navy blue or dark green or dark brown to give it some highlight features. This vent is available in two options: as a vent only, or the combo pack which includes the collar.
