4" Round Soffit Vent Optional Screen

Here at siding mounts

All of us at Siding Mounts understand the importance of your home. We are homeowners too, and we settle for only the highest quality and best-looking products we can find. Cladding is all too often either ugly or does not function as it is intended to, which will cause myriad problems down the road. When we design our products, we keep the homeowner in mind. We want your home to be beautiful and safe from potential problems. You can rest assured there will be no

structural problems with our high-quality siding mounts.

Product description

This is a standard 4" Round Soffit Vent we designed to include the screen or not. It includes the full 1" flange made to allow easy installation over your soffits and has the full 1" back collar for mechanical connection. Whether you are doing home renovations yourself or hiring a contractor to do the work for you, this product is remarkably easy to install, and looks great! There is a reason we are trusted by homeowners and contractors around the country and now is your chance to find out why. If you are looking around thinking, My home could use a little love. Now is the time to do it! Home renovations won't do themselves, and now is a better time than any to pull out the toolbelt and get to work!

Details

The 4" Round Soffit Vent Optional Screen comes in one colour choice: white. The white will match your soffits flawlessly, creating a nice flow between them and the white of the soffits. We made this soffit vent to include the bird screen if you want to keep those pesky nesting birds out, or to come without it. That choice is optional when you buy it.
