

# 5001 Split Recessed Plug Water Plate (SRPW)

## 5001 Split Recessed Plug Water Plate

### Here at siding mounts

Over here at Siding Mounts we know what quality means to a home. When we design our products, we design them with you, the homeowner, in mind. We know the cladding on a home is a defining feature of aesthetics. They need to look amazing and do their job properly, which is protecting your home against the elements. Many homeowners have discovered too late that mold or insects can be disastrous to the structural integrity of your home. Our guarantee at Siding Mounts is our products

are made from high-quality materials and will always perform their intended function. But not only that! They will also look remarkably good and stylish for all your neighbours to see.

## Product description

The 5001 Split Recessed Plug Water Plate (SRPW) is ideal for water pipe applications. It has a split face application for existing pipe penetrations. When you are looking for cladding for your home you will likely ask yourself, where can I get high quality products that function how they are intended to and look amazing on my house? Well, look no further! We got you with the 5001 Split Recessed Plug Water Plate (SRPW). This three part electrical plug/water pipe mold will make for a lovely addition to your home. The split face application makes for an easy installation for already existing pipe penetrations, and it is remarkably easy to use with water pipe applications.

## Details

This three part electrical plug/water pipe mold comes pre-trimmed to 5/8", 3/4", 1" and 1.5", meaning you are certain to find the right size for your recessed plug water pipe cladding. This is a type of cladding that functions properly and looks amazing on your home. It comes in two colour choices: Black or white. These two contrasting colours will ensure you will find the right look for your home. The black is a great contrast for homes painted lighter colours and the white is a great contrast for homes painted darker colours.
