Over here at Siding Mounts we know what quality means to a home. When we design our products, we design them with you, the homeowner, in mind. We know the cladding on a home is a defining feature of aesthetics. They need to look amazing and do their job properly, which is protecting your home against the elements. Many homeowners have discovered too late that mold or insects can be disastrous to the structural integrity of your home. Our guarantee at Siding Mounts is our products are made from high-quality materials and will always perform their intended function. But not only that! They will also

look remarkably good and stylish for all your neighbours to see.

Product description

Cathedral Gable Vent – 22" x 28" is a decorative gable vent that comes in a beautiful white to add some neutral highlights to whatever colour your home is. It looks gorgeous when added to darker tones to create contrast as well as lighter homes to allow flow. The cathedral gable vents include a decorative drip channel that is ideal for rain screen applications. It functions to funnel the water out and over the exterior finish of the house which is already protected with a coat of paint to prevent moisture from penetrating the stucco or siding. We designed this gable to include weeping holes which act to prevent condensation or moisture from getting trapped inside. Trapped moisture creates ideal conditions for mold to form, which can be disastrous to your home. Speaking of disastrous, we designed this Cathedral Gable Vent with a molded-in screen which prevents pesky insects from nesting. Insects notoriously damage the glue and create further issues you may not even notice until it is too late. With our molded-in screen, insects do not stand a chance! The large rear angle allows for easy washing, and peel-and-stick application. We design our products to be functional, stylish, and made with the homeowner in mind. There is a reason contractors love our products!
