## Recessed Split Water

### Here at siding mounts

All of us at Siding Mounts understand the importance of your home. We are homeowners too, and we settle for only the highest quality and best-looking products we can find. Cladding is all too often either ugly or does not function as it is intended to, which will cause myriad problems down the road. When we design our products, we keep the homeowner in mind. We want your home to be beautiful and safe from potential problems. You can rest assured there will be no structural problems with our high-quality siding mounts.

Product description

The Recessed Split Water cladding from the third wave series is perfect to fit over and under the water system or any protrusion. It is functional and stylish and comes in a variety of colours for you to choose from, meaning you are sure to find the right tone to add to your house, including the colours: black, clay, khaki, storm, tumbleweed, white, and wicker. It can be purchased as mounting only or purchased with rain screen space. We are trusted by homeowners and contractors across the country, and you can find out why now by adding to your cart!

## Details

The Recessed Split Water is available in a large variety of colours for you to choose from. It has the base dimensions of 4" x 5 3/4" and the overall dimensions of 5 3/4" x 7 3/8". It has removable inserts to fit over and under the water system or any protrusion, making this product easy to install and easy to use. We make our products from high quality materials designed to function properly and add a nice aesthetic to your home. As homeowners, we want you to feel as good about your homes as we do about ours. Add to cart not to find out why!
