

Square Gable Vent – 17"x 17"

Square Gable Vent – 17"x 17"

Here at siding mounts

Cladding is important. That is all there is to it. It can be the difference between beautiful highlight features and boring old forgettable ones. A home is an investment, often your biggest one, and you want to make sure it looks great and stays safe. When we design our products, we keep you, the homeowner, in mind. All our gable vents are made from high-quality materials and come jam packed with great features, ensuring the safety of your home by preventing common problems.

Product description

- It especially includes level lines to assist in the installation and other applications include wood, brick, vinyl, hardy board, aluminum, etc.
- Square and rectangle designs include the same features as well as rounds and octagons
- Maximize vent free air ow for each vent

Square Gable Vent – 15" x 15" is a decorative gable vent that comes in a beautiful white to add some neutral highlights to whatever colour your home is. It looks gorgeous when added to darker tones to create contrast as well as lighter homes to allow flow. All the square gable vents include a decorative drip channel that is ideal for rain screen applications. It functions to funnel the water out and over the exterior finish of the house which is already protected with a coat of paint to prevent moisture from penetrating the stucco or siding. We designed this gable to include weeping holes which act to

prevent condensation or moisture from getting trapped inside. Trapped moisture creates ideal conditions for mold to form, which can be disastrous to your home. Speaking of disastrous, we designed this square Gable Vent with a molded-in screen which prevents pesky insects from nesting. Insects notoriously damage the glue and create further issues you may not even notice until it is too late. With our molded-in screen, insects do not stand a chance! The large rear angle allows for easy washing, and peel-and-stick application. We design our products to be functional, stylish, and made with the homeowner in mind. There is a reason contractors love our products!

Details
