

# Surface Series Block

## Surface Series Block

### Here at siding mounts

All of us at Siding Mounts understand the importance of your home. We are homeowners too, and we settle for only the highest quality and best-looking products we can find. Cladding is all too often either ugly or does not function as it is intended to, which will cause myriad problems down the road. When we design our products, we keep the homeowner in mind. We want your home to be beautiful and safe from potential problems, so we designed state of the art siding that ensure moisture and insects do not come back to bite you years from now. You can rest assured there will be no structural problems with our high-quality siding mounts.

## Product description

The Surface Series Block is our “add a light” Double 5” Bevel. If you are standing around outside your home and thinking to yourself, I can’t see my yard. You probably need a couple lights. Lights are great for being able to move around without tripping on things laying around, or just for general safety, but you cannot just put a light in. The Surface Series Block is designed to house a light properly, meaning it can be cut to the shape of any light you wish to install. The Surface Block Series can be installed easily and without hassle. They look great for any light you are thinking of putting in outside, and they are made from high quality materials.

## Details

This “add a light” surface mount mounting block comes in multiple siding styles including Bevel: Double 5”, double 4.5”, double 4”, triple 3”, plus a Dutch Lap.
